CURRENT ACADEMIC POSITION
Since September 2010 : Associate Professor (Lecturer, MCF) in Computer Science at Université Paris-Dauphine, and a member of the LAMSADE Lab.

PREVIOUS ACADEMIC POSITIONS
Research Associate, Individual and Collective Reasoning group, Computer Science and Communications, University of Luxembourg, Luxembourg (Supervisor : L. van der Torre) (10/2006–08/2010)
Research Associate, Department of Computer Science, King’s College London, UK (02/2006 – 09/2006)
Research Associate, Economic and Social Research Council Postdoctoral Fellow, Department of Computer Science, King’s College London, UK (Supervisor : D. Gabbay) (10/2003 – 01/2006)
Research Assistant, DFKI, University of Saarland, Saarbruecken, Germany (Chair : J. Siekmann) (04/2002 – 03/2003)
Visiting Scholar, Department of Philosophy, University of Konstanz, Germany (Host : W. Spohn) (09/2001 – 08/2003)
Visiting Scholar, Department of Philosophy, Carnegie Mellon University, Pittsburgh, USA (Tutor : H. Arlö-Costa) (01/2001 – 08/2001)
Visiting Scholar, Department of Computer Science, King’s College London, UK (Tutor : D. Gabbay) (01/1999 – 12/2000)
UNIVERSITY EDUCATION

Ph.D. (Philosophy) : University of Genoa, Italy (2002)
M.A. (Philosophy) : University of Milan, Italy (1997)

SCHOLARSHIPS AND GRANTS

I am a recipient of the Prime d’encadrement doctoral et de recherche (PEDR) (bonus for scientific excellence) from 2014 to 2017.
CNRS PEPS project Organiser le Partage d’Information entre Acteurs autour d’une Ressource Commune (Project coordinator : Juliette Rouchier). Start : Mai 2014
Grant from the Fonds National de la Recherche (FNR), Luxembourg, for the project “The Dynamics of Argumentation” (Project coordinators : S. Kaci and L. van der Torre).
Grant from the Engineering and Physical Sciences Research Council (EPSRC) for the organization of the workshop “Belief Revision, Belief Merging and Social Choice” at King’s College London (2006). Grant : EP/E034446/1
Economic and Social Research Council (ESRC) Postdoctoral Fellowship for the project “From Knowledge Fusion to Social Choice Theory”, Grant : PTA-026-27-0046 (10/2003 — 01/2006)
Postdoctoral Fellowship, Philosophy, Probability and Modeling Research Group, University of Konstanz, Germany (03/2005 – 08/20005)
PhD Scholarship, University of Genoa, Italy (11/1997 – 10/2001)

TEACHING

— Théorie du Choix Social - M1 Peace Studies
— Systèmes intelligents d’aide à la décision collective et diagnostic - M2 ID (Informatique Décisionnelle)
— Introduction to Judgment Aggregation (with D. Grossi), University of Luxembourg, May 2015
— Logique (course) - L3 Informatique MIAGE en Apprentissage and L3 Informatique Classique
— Outils de Logiques non Classiques - M2 ISI (Informatique : Systèmes Intelligents)
— Collective decision making (with A. Tsoukiás), as part of the module Cognitive Engineering at ITI-PSL
— Introduction aux Systèmes Experts (course and TD) (with T. Cazenave) - L3 Classique
— Ingénierie des connaissances (course and TD) (with S. Pinson) - M1 Informatique des Organisations
— Intelligence Artificielle et Raisonnement (TD) - M1 Informatique des Organisations

Summer 2011 :
— Introduction to Judgment Aggregation (with D. Grossi) at the Twenty-Third European Summer School in Logic, Language and Information (ESSLLI), Ljubljana, Slovenia, August 2011
2010-2011:
— Outils de Logiques non Classiques (course with A. Tsoukiàs) - M2 ISI (Informatique : Systèmes Intelligents)
— Représentation des Connaissances (course and TD) (with S. Pinson) - M1 Informatique des Organisations
— Algorithmique (TD) - L1 Informatique
— Outils en Informatique : Database - Access (TP) - L1 Informatique

2007-2010:
— Knowledge Representation (with L. van der Torre) for Master students, University of Luxembourg
— Course Intelligent Systems (with L. van der Torre) for Master students (2007), University of Luxembourg

2003-2005: Artificial Intelligence for Master students, Department of Computer Science, King’s College London, UK

1999: Seminar Introduction to Logic, University of Milan, Italy

1998: Seminar Logical and Epistemological Aspects of Non-Monotonic Reasoning, University of Milan, Italy

TEACHING CERTIFICATE
Postgraduate Certificate in Academic Practice (PGCAP) (March 2006), King’s College London, UK

STUDENTS’ SUPERVISION

Summer master supervision of Benoît Pesenti (Mai-July 2014, Université Paris-Dauphine), “Power of arguments in debate” (with S. Moretti).

Ph.D. supervision of Nicolas Paget (from December 2012, Université Paris-Dauphine), with A. Tsoukiàs and O. Barreteau.

PhD COMMITTEES

Ph.D. referee for the thesis of Dionysios Kontarinis, Université Paris Descartes (November 2014).

ORGANIZATION OF CONFERENCES AND WORKSHOPS

Judgment Aggregation for Artificial Intelligence at Schloss Dagstuhl, Germany (with F. Dietrich, U. Endriss, D. Grossi, and M. Slavkovik) (May 2014)

Journée de Théorie du Choix Social et de l’Agrégation des Jugements (GREGHEC-LAMSADE), with P. Mongin and J. Lang, Université Paris-Dauphine, Paris (April 2012)

Ninth De Morgan Workshop on Deontic Logic, at the University of Luxembourg, Luxembourg (with D. Gabbay, J. Horty, X. Parent, R. van der Meyden, and L. van der Torre) (December 2009)

Normative Multi-Agent Systems (NorMas 2009) at Schloss Dagstuhl, Germany (with G. Boella, P. Noriega, and H. Verhagen) (March 2009)

Ninth International Conference on Deontic Logic in Computer Science (DEON ‘08) at the University of Luxembourg, Luxembourg (with L. van der Torre and M. Caminada) (July 2008)

Third International Workshop on Normative Multiagent Systems (NorMas 2008) at the University of Luxembourg, Luxembourg (with G. Boella, M. P. Singh, and H. Verhagen) (July 2008)

Workshop Formal Models of Norm Change at the University of Luxembourg, Luxembourg (with J. Broersen, P. Turrini, and L. van der Torre) (November 2007)

Eighth Augustus de Morgan Workshop on Belief Revision, Belief Merging and Social Choice at King’s College London (with O. Rodrigues and D. Gabbay) (November 2006)

International Summer School Philosophy, Probability and the Special Sciences at the University of Konstanz, Germany (with L. Bovens and S. Hartmann) (July 2003)

CONFERENCE COMMITTEES

13th International Conference on Deontic Logic and Normative Systems, DEON 2016, Bayreuth, Germany (July 2016)

International Symposium on Aggregation and Structures, ISAS 2016, Luxembourg (July 2016)

Journée SI&IA : Systèmes d’Information et Intelligence Artificielle, Biarritz (May 2015)

International Conference on Autonomous Agents and Multiagent Systems, AAMAS’15, Istanbul, Turkey (May 2015)

21st European Conference on Artificial Intelligence, ECAI14, Prague, Czech Republic (August 2014)

15th International Workshop on Computational Logic in Multi-Agent Systems, CLIMA 2014, Prague, Czech Republic (August 2014)

14th International Conference on Principles of Knowledge Representation and Reasoning, KR-2014, Vienna, Austria (July 2014)

5th International Workshop on Computational Social Choice, COMSOC 2014, Pittsburgh, Pennsylvania (June 2014)
Workshop on Logical Models of Group Decision Making, ESSLLI-2013, Duesseldorf, Germany (August 2013)

Les septièmes Journées Francophones sur les Modèles Formels de l’Interaction (MFI 2013), Lille, France (July 2013)

Munich-Sydney-Tilburg Conference - Models and Decisions, Munich, Germany (April 2013)

International Conference on Agents and Artificial Intelligence (ICAART 2013), Barcelona, Spain (February 2013)

Thirteenth International Workshop on Computational Logic in Multi-Agent Systems (CLIMA 2012), Montpellier, France (August 2012)

Workshop on Belief Change, Non-monotonic Reasoning and Conflict Resolution, ECAI 2012, Montpellier, France (August 2012)

Twenty-Sixth Conference on Artificial Intelligence (AAAI-12), Toronto, Canada (July 2012)

Third International Workshop on Logic, Rationality and Interaction (LORI-III), Guangzhou, China, (October 2011)

Twenty-Fifth Conference on Artificial Intelligence (AAAI-11), San Francisco, California (August 2011)

Twenty-Second International Joint Conference on Artificial Intelligence (IJCAI 2011), Barcelona, Spain (July 2011)

Thirteenth Conference on Theoretical Aspects of Rationality and Knowledge (TARK XIII), Groningen, The Netherlands (July 2011)

Twelfth International Workshop on Computational Logic in Multi-Agent Systems (CLIMA XII), Barcelona, Spain (July 2011)

Thirteenth International Conference on AI and Law (ICAIL 2011), Pittsburgh, Pennsylvania, USA (June 2011)

Sixièmes Journées Francophones Modèles Formels de l’Interaction (MFI’11), Rouen, France (June 2011)

Twenty-second Benelux Conference on Artificial Intelligence (BNAIC 2010), Luxembourg, Luxembourg (October 2010)

Eleventh International Workshop on Computational Logic in Multi-Agent Systems (CLIMA XI), Lisbon, Portugal (August 2010)

Eleventh International Conference on Electronic Commerce and Web Technologies (EC-Web), Bilbao, Spain, (August 2010)

Normative Multiagent Systems (NorMAS 2010), Leicester (March 2010)

Cinquièmes Journées Francophones Modèles Formels de l’Interaction (MFI’09), Lannion, France (June 2009)

Second International Workshop on Logic, Rationality and Interaction (LORI-II), Chongqing, China (October 2009)

Second International Workshop on Computational Social Choice (COMSOC-2008), Liverpool, UK (September 2008)

Third International Workshop on Normative Multiagent Systems (NorMAS 2008) at the University of Luxembourg, Luxembourg (July 2008)

Twentieth Australian Joint Conference on Artificial Intelligence, Queensland, Australia (December 2007)

Nineteenth Belgian-Dutch Conference on Artificial Intelligence (BNAIC 2007), Utrecht, the Netherlands (November 2007)
First Workshop on Logics and Collective Decision Making, University of Lille, Villeneuve d’Ascq, France (March 2007)

OTHER PROFESSIONAL ACTIVITIES

Area coordinator on multiagent deontic logic and normative systems for the Handbook project “Normative multiagent systems”.

Project evaluator for the Future and Emerging Technologies (FET) call of the European Commission.

Evaluator for CIFRE of the Association National Recherche Technologie.

Project evaluator for Wellcome Trust.

Member of the Editorial Board of The Reasoner

EDITED SPECIAL ISSUES

LANGUAGES

Italian (native), English (very good), French (very good), German (elementary)
A. Books

B. Papers in Journals and Books

C. Papers in Proceedings

D. Technical Reports

E. Working Papers

F. Unpublished Theses

TALKS

A. Invited Talks (since 2006)

1. TBA at the 13th International Conference on Deontic Logic and Normative Systems, Bayreuth, Germany July 2016.

2. TBA at the von Wright Centenary Symposium, Helsinki, May 2016.

3. TBA at the LogiCIC Workshop, Amsterdam, November 2015.

15. “Legitimate judgment aggregation” (joint works with M. Caminada and U. Grandi), Workshop Judgment Aggregation : Computational Perspectives, University of Luxembourg, Luxembourg, 1 February 2012.

17. “Manipulation in group argument evaluation” (with M. Caminada and M. Podlaszewski), ESF funded workshop The Philosophy of Computer Science and Artificial Intelligence, Ponta Delgada, The Azores Islands, Portugal, 6-11 September 2011.

24. “On judgment aggregation in abstract argumentation” (with M. Caminada), Centre for Logic and Philosophy of Science, Ghent University, Belgium, October 9, 2009.

27. “Disagreement and consensus in science” (with S. Hartmann and J. Sprenger), Centre for Logic and Philosophy of Science, Ghent University, Belgium, November 14, 2008.

31. “Merging judgments and the problem of truth-tracking” (with S. Hartmann), at Pro- 
gic07 : The Third Workshop on Combining Probability and Logic, University of Kent, 
UK, 5-7 September 2007.
32. “Common foundations for belief revision, belief merging and voting” (with D. Gab-
bay and O. Rodrigues), at the Dagstuhl Seminar Formal Models of Belief Change in 
33. “Input and output in judgment aggregation” (with L. van der Torre), at the Dagstuhl 
Seminar Formal Models of Belief Change in Rational Agents, Dagstuhl, Germany, 
34. “De la révision des croyances à l’agrégation des jugements”, at the seminar Journé 
e Mathématiques Discrètes et Sciences Sociales, Ecole Nationale Supérieure des Télé-
communications (ENST), Paris, France, June 1, 2007.
35. “From belief revision to judgment aggregation”, at the Multiagent Interactions in Plan-
ning : Cognition, Languages, Architectures (organized by D. Camarda), Politecnico di 
36. “Merging judgments and the problem of truth-tracking” (with S. Hartmann), at the 
symposium Recent Work on Judgment Aggregation (organized by B. Fitelson), APA 
37. “Ten philosophical problems in deontic logic” (with J. Hansen and L. van der Torre), at 
the Dagstuhl Seminar on Normative Multi-Agent Systems, Dagstuhl, Germany, March 
38. “Choosing your beliefs” (with G. Boella, C. da Costa Pereira, A. Tettamanzi and L. 
van der Torre), at the Dagstuhl Seminar on Normative Multi-Agent Systems, Dagstuhl, 
39. “From belief revision to judgment aggregation”, at the First Workshop on Logics and 
Collective Decision Making, University of Lille, Villeneuve d’Ascq, France, March 13– 
40. “Logical theories of revision and social choice theory”, at the Lille 3’s Seminar on Belief 
Change, University of Lille, Villeneuve d’Ascq, France, February 6, 2007.
41. “Distance-based approaches to aggregation problems in judgment aggregation and 
social choice theory” (with D. Eckert), at the symposium Judgment Aggregation and 
42. “Aggregating judgments vs. aggregating desires”, at the workshop Aggregation of Op-
inions (organized by I. Gilboa and B. Polak), Cowles Foundation for Research in Economics 
at Yale University, New Haven, USA, September 15–17, 2006.
43. “Logical theories of revision and social choice theory”, at the ESF Exploratory Work-
shop Applied Logic in the Methodology of Science (organized by A. Bird and H. Leit-
geb), University of Bristol, UK, September 8–10, 2006.
44. “Alleged paradoxes of aggregation and belief merging”, Department of Computer 
Science, University of Luxembourg, June 22, 2006.
45. “Logical models in Philosophy”, Department of Philosophy, University of Tilburg, Ne-
thlands, June 16, 2006.
46. “The framing effect in judgment aggregation”, at Frames : a Colloquium in Linguis-
tics, Philosophy and Economics (organized by R. Rossini Favretti, G. Sandri, and R. 
Scassier), University of Bologna, Italy, June 6–9, 2006.
B. Contributed Talks (since 2006)

2. “Group intentions are social choice with commitment” (with G. Boella, M. Slavkovik and L. van der Torre), at the 8th European Workshop on Multi-Agent Systems (EUMAS), Paris, France, Decembre 16-17, 2010.

5. “A group decision procedure reactive to individual opinions” (with F. Benamara and S. Kaci), at the conference Logic, Game Theory and Social Choice 6, Tsukuba, Japan, 26-29 August, 2009.
